

LET'S GET IT STRAIGHT: WE ALL NEED A CLEANSE!

- ✓ Feeling of heaviness after meals
- ✓ Bloating
- ✓ Flatulence
- ✓ Digestive headaches
- ✓ Bad Breath
- ✓ Weight loss
- ✓ Skin complexion
- ✓ Liver health
- ✓ Lack of energy

IMPROVE

If you're fortunate enough to live a stress-free life on an unpolluted island with an endless supply of pure water and organic fruits and vegetables, it's possible you may not need a liver cleanse. But the reality is that a world of polluted air, water and food, along with inappropriate lifestyle choices such as smoking, excessive use of caffeine and alcohol, and fat and sugar-laden foods wreak havoc upon our livers.

TESTIMONIALS

"Since I work on the road, I often eat in restaurants and I always suffer from digestive discomforts after eating. I have been taking **HEPATOL** with my meals for some time, and I don't feel any of the discomforts that usually left me tired and lacking energy in the afternoon. Now I can function better at work with the help of **HEPATOL**. Thank you." Anthony D., ON.

"I would always lack energy, feel tired, suffer from digestive discomforts after meals and lack concentration. I then completed the 20-day **FLUXOBILE** program. I immediately felt the benefits: I no longer have any digestive discomforts or bloating and I regained my energy and vitality. Thank you **FLUXOBILE**, I recommend it to everyone!" Michelle T., QC.

"My husband would constantly complain about indigestion every time we ate at a restaurant. He would burp often and couldn't seem to eliminate his bad breath. After trying a wide range of remedies to no avail, I decided to offer him **FLUXOBILE** after seeing an add on television; his indigestion immediately disappeared. Afterward, I decided to try it myself, and I feel much better now that much of my discomforts are gone." Chantal L., QC.

MEDICINAL INGREDIENTS

FLUXOBILE™

Each 10 mL ampoule contains:

Black radish root (<i>Raphanus sativus</i>) (liquid extract 1:10)	500 mg
Boldo leaf (<i>Peumus boldus</i>) (liquid extract 1:10)	210 mg
Artichoke leaf (<i>Cynara scolymus</i>) (liquid extract 1:10)	200 mg
Dandelion root (<i>Taraxacum officinale</i>) (liquid extract 1:10)	90 mg

Does not contain gluten, dairy products, soy or corn.

HEPATOL™

Each capsule contains:

Milk thistle fruit (<i>Silybum marianum</i>)	126 mg
Boldo leaf (<i>Peumus boldus</i>)	102 mg
Rosemary leaf (<i>Rosmarinus officinalis</i>)	30 mg
Artichoke leaf (<i>Cynara scolymus</i>)	21 mg
Dandelion root (<i>Taraxacum officinale</i>)	21 mg

Does not contain gluten, dairy products, soy or corn.

100% ORGANIC

FREE OF ALCOHOL, GLYCERIN, COLOURING,
ADDITIVES AND PRESERVATIVES

MEDICINAL PROPERTIES

Black radish root: Black radish root contains glucosinolates. These active components improve gastric disorders, especially those related to biliary functions.

Boldo leaves: Boldo leaves are used to treat difficult digestion. It is also recommended for gastro-intestinal spasms.

Artichoke leaf: With its content in cynarin and bitter properties, the artichoke helps increase bile flow and is a precious aid to help eliminate digestive and hepatic disorders.

Dandelion root: With its inulin content and bitter properties, dandelion is used to restore liver function and bile flow. This herb is ideal to help treat digestive disturbances, especially the incomplete digestion of fat, and to alleviate heaviness felt after meals. Dandelion is also recognized for its diuretic effect, and helps with dermatological conditions.

Milk thistle fruit: Silymarin, an active complex in milk thistle, promotes liver health and function. Renowned for its liver protecting properties, it also protects liver cells and stimulates the regenerative ability of the liver.

Rosemary leaf: By stimulating bile production and protecting the liver, rosemary regulates digestive disorders. Its carminative effect helps reduce digestive problems such as flatulence, bloating and cramp-like gastro-intestinal upsets. Rosemary also eases gastric headaches.

FAST ACTING

HEPATOL™
For fast and effective relief
of digestive discomforts
after meals.

CLEANSE, PROTECT AND STRENGTHEN YOUR LIVER. REGAIN ENERGY AND VITALITY!

The **liver** is an organ that acts as an internal filter and neutralizes harmful substances circulating in the body. Many of us unnecessarily burden our livers with an unhealthy diet and poor lifestyle.

We are exposed to intoxication factors (overeating, alcohol, stress, pollution, etc.) every day. This leads to the accumulation of harmful toxins in the body. Eventually, the overworked liver sends us warning signs such as gas, bloating, constipation, bad breath, headaches after meals, etc.

It is therefore important that we take daily care of our liver, using **FLUXOBILE™** and **HEPATOL™** regularly, to eliminate digestive discomforts, provide a thorough cleanse, improve its functioning and regain optimal health.

DO YOU NEED TO CLEANSE YOUR LIVER?

ARE YOU PERIODICALLY BOTHERED BY THE FOLLOWING DISCOMFORTS?

	YES	NO
Difficulty digesting	_____	_____
Frequent burping	_____	_____
Flatulence	_____	_____
Bloating	_____	_____
Digestive migraines	_____	_____
Bad breath	_____	_____
Nausea after meals	_____	_____
Lack of energy	_____	_____
Skin conditions such as pimples	_____	_____
Constipation	_____	_____

Do you often find yourself overeating or gaining excess weight? If you answered **YES** more than **NO**, it is likely that you have high levels of toxins in your body and your liver is in need of a **FLUXOBILE™** cleanse.

How do I undertake a **FLUXOBILE™** liver cleansing program?

FLUXOBILE™ is a complete body cleansing program offered in drinkable ampoules. Its liquid form acts effectively for an in-depth elimination of accumulated toxins in the liver while quickly alleviating digestive difficulties. **FLUXOBILE™** contributes in the elimination of bile and improves liver, gallbladder and kidney function. **FLUXOBILE™** is to be used for 20 days whenever needed, or preferably 4 times a year at every change of season. It is also highly recommended to use **FLUXOBILE™** before a weight loss program or before planning a pregnancy.

Is it beneficial for everyone to undertake a liver cleanse?

Even a person in excellent health can take advantage of such a program since it helps to prevent the possible development of various health problems.

What are the benefits of a cleansing program?

- > Radiant skin
- > Healthy liver
- > Improved digestion
- > Elimination of digestive discomforts
- > Energy and vitality boost
- > Increased ability to lose weight
- > Healthier body before planning a pregnancy

Will I experience discomfort during the **FLUXOBILE™** cleansing program?

People who are using the cleansing program for the first time or those with high levels of toxins in their body may experience symptoms such as runny nose, headache and skin rashes. If these discomforts arise, you can lower the dosage by half for the first few days and then continue the regular dose.

These are temporary discomforts and should last only 2 or 3 days to give way to an energy and vitality boost.

Will my daily activities be disrupted by the **FLUXOBILE™** liver cleansing program?

FLUXOBILE™ was designed to allow a gentle cleansing of the body without disrupting everyday activities such as work, sports or recreation.

How do I use the **FLUXOBILE™** ampoules?

As a seasonal liver cleanse, take 1 ampoule in water or juice in the morning 30 minutes before breakfast. Repeat for 20 days.

What can I do following the **FLUXOBILE™** liver cleansing program?

After the 20-day liver cleanse program, it is recommended to use **HEPATOL™** in capsule form. **HEPATOL™** is a liver protectant which acts to strengthen and protect the liver.

Since it helps to remove daily toxins and gently correct digestive difficulties, it is excellent for use throughout the year in between the **FLUXOBILE™** cleanse.

Can **HEPATOL™** help me improve my everyday digestive discomforts?

Yes, **HEPATOL™** may be used at each meal or as needed to relieve indigestion and the uncomfortable digestion of fatty foods. It also improves discomfort during heavy meals and when consuming alcoholic beverages. In addition, it helps relieve headaches associated with digestion.

How to use **HEPATOL™**

Take 1 to 2 capsules after heavy meals to relieve digestive discomforts.

Take 1 capsule daily before meals to cleanse and strengthen the liver.

What other Nutripur products can be used in combination with **FLUXOBILE™** or **HEPATOL™**?

INTESFIB™ : Provides an excellent source of fibre to cleanse the colon and facilitate evacuation of accumulated waste.

LAXATIL™: Use in case of constipation.

DIGEST-T™: A digestive herbal tea that facilitates and improves digestion, relieves flatulence, bloating and improves renal elimination.

FLORACTIN™: An essential probiotic formula that contributes to a healthy intestinal flora and benefits overall health.

SUPER OMEGA-3: Reduces blood triglyceride levels and helps maintain cardiovascular health.

PHYTOSLIM™: Helps with weight loss.
